Overview

When you request services from Midwest Shelter for Homeless Veterans, information about you and members of your family is entered into a computer system called HMIS, or Homeless Management Information System. HMIS is a project of DuPage County Community Services in partnership with many organizations in northeast Illinois that provide homeless, health care, medical, and social services to persons and families in need. The information collected in HMIS will help us coordinate and provide better service, document the need for additional services, and generate reports such as the number of persons who are homeless or at risk of homelessness in northeast Illinois.

We intend our policy and practices to align with the Housing and Urban Development's (HUD) HMIS Data and Technical Standards and HMIS Data Standards¹.

Summary of Privacy Notice**

Introduction. HMIS is a computer system for data collection that was created to meet a requirement for the United States Congress. This requirement was passed in order to get a more accurate count for individuals and families who are homeless and to identify the need for various services. Many agencies use this system and share information.

Information in the HMIS System about you that we may share includes:

- 1) Basic identifying demographic data (name, address, phone number, date of birth).
- 2) The nature of your situation.
- 3) Services and referrals you receive from our agency.

Our ability to assist you depends on having certain personal identifying information. If you choose not to share information we request, we could potentially decline to provide you services as doing so could jeopardize our status as a service provider. We assume that, by requesting services from our agency, you agree to allow us to collect information and to use or disclose it as described in this notice and otherwise as allowed or required by law.

Your personal data will be used only by this agency or others to which you are referred for services.

Confidentiality Rights: Maintaining the privacy and safety of those using our services is very important to us. This agency follows all confidentiality regulations and also has its own confidentiality policy.

Your Information Rights: As a client, you have the following rights:

1. Access to your record at your request.
2. Request a correction of your record.
3. File a grievance if you feel that you have been unjustly served, put at personal risk, harmed, or your personal information was not handled correctly.

When Information Is Disclosed: The full Privacy Notice sets forth situations when your personal information might be disclosed.

Benefits of HMIS and Agency Information Sharing: Allowing us to share your real name results in a more accurate count of individuals and services used. A more accurate count is important because it can help us and other agencies to meet the needs of our clients, such as:

1. Better identify and coordinate client need for services and to demonstrate types of assistance needed in our area.
2. Obtain additional funding and resources to provide services.

3. Plan and deliver quality services to you and your family.
4. Assist the agency to improve its work.
5. Keep required statistics for state and federal funders.
6. Promote coordination of services so your needs are better met.
7. Make referrals easier by reducing paperwork.
8. Avoid having to report as much information to get assistance from other agencies.

You may keep this summary of the policy. A copy of the full privacy notice is available upon request.
